LIBRARIAN'S REPORT

Of the

SANBORN LIBRARY of North Danville

Miss Edna Towle, previously librarian, gave many faithful years of service to the people of North Danville. We all regret her passing in June of 1964.

The following is a report of the library activities for the balance of the year.

It was decided at the June V. I. S. meeting to hold regular library hours every week. The response to this decision has been gratifying, with book loans totalling 378 over this 6-month period. The Exeter district bookmobile calls periodically and the State Library in Concord cooperates fully in filling special requests. We look forward to more library service in 1965 and extend an invitation to everyone to come in on Wednesdays from 4 to 6 in the afternoon.

Respectfully submitted,

LOUISE HEWINS, Librarian

AUDITORS REPORT

This is to certify that we have examined the records of the Tax Collector, Town Clerk, Town Treasurer, Trustees of Trust Funds, 'Parsonage Committee' and Selectmen and found them correct as presented. All expenditures were properly supported by voucher and all income properly recorded.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

It is with mixed emotions that I submit this, my annual report and as such, the last one ever to be submitted by a Union #14 superintendent. This ends a series of reports which date back to more than forty years, back to the time when Danville first became organized under the supervisory union plan. Serving on your school board at that time were Louis M. Griffin, Gertrude T. Kimball, and Ada L. Huntington while Mr. Frederick E. Pitkin was serving as Superintendent of Schools.

Throughout these many years, numerous local educational changes have taken place. One of the greatest occurred in April 1960 when, at a special school district meeting, you voted to build a new elementary school at a cost of approximately \$94,000.00. This was also the year Mr. Robert MacPherson joined Mrs. Beryle Eppich and Mr. Everard Goldthwaite by replacing Mr. Joseph Fowler on the school board. Mr. Thayer D. Wade, who is now Dr. Thayer D. Wade, Superintendent of Schools in Ridgefield, Connecticut, was your superintendent at this important time.

The next major change and probably the greatest to date occurred on June 11, 1964 when you voted to become part of the Timberlane Co-Operative School District. For the first time ever, you now have a voice in choosing the type of secondary education you want for your children. Since, in my report to you last year I strongly encouraged you to take advantage of such an opportunity, I now rejoice with you. In our rejoicing, however, let us not become complacent. We must realize that to create and then to operate an altogether new educational system is a tremendous task, one which will undoubtedly continue to require the total co-operative efforts of everyone concerned. Thus, my final recommendation to you is simply this -- please continue to take an active part in your schools, especially as it pertains to your representation on the co-op school board. It is through the representatives, and through them only that your small voice will be heard -- a voice so vital in determining the kind of education your children will receive.

In closing I want to express my thanks to all the people in Danville who have helped to make my work so enjoyable

during the past three years. I wish especially to thank your dedicated school board members and your fine staff. You are indeed fortunate to have such capable people associated with your children's education -- see to it that this good fortune continues!

REPORT OF THE SCHOOL NURSE

To the Superintendent, School Board,
and Citizens of Danville:

It is with a degree of sadness that I write this, my last annual report for your town. My association over the past twelve years with Danville has been most pleasant. The co-operation of all with whom I have come in contact, and the interest of all in their junior citizens, have been a source of encouragement and inspiration throughout these years. Please accept my heartfelt thanks for the pleasant memories which I shall carry away with me.

Two more health programs have been instituted during this past year which will undoubtedly bear lasting benefits to the children involved.

First, with the backing and help of Minerva Rivers, R. N., annual physical examinations are being done by Dr. Moore in the first, third, fifth, and seventh grades. This program is sponsored by your P. T. A. at a cost of \$1.00 per child.

Secondly, a federal matching fund dental program has gotten under way, also under the auspices of your P. T. A. We feel that our first clinic has been very successful with 16 children attending. All necessary work was completed on all but one of these.

In addition to the above-mentioned health benefits, your physical fitness program and your superior lunch program both add to the general well-being of each child.

Sincere wishes for continued team effort in your forward-looking school.

Respectfully submitted,

CONSTANCE J. HUSS, R.N.

Dec. 23, 1964
Regular Meeting

1. The Board discussed material concerning the formation of the Timberlane School District, which is requested of it by its financial agent. This material is necessary in order for any bank to authenti-

4. The Board discussed the adequacy of the statutory debt limit. It was conceded that this limit would not be adequate to cover the provisional space requirements of the proposed 1000 pupil school. Hearings are planned on the proposed 1965-66 Budget, and on the preliminary plans for the proposed high school, and will be imminent by the time you receive this report.
